PRESS RELEASE

International A+A portfolio is expanding: New OS+H Middle East in Dubai strengthens the global network for safety & security at work

Düsseldorf, 19 November 2025 – From 12 to 14 October 2026 OS+H Middle East in Dubai will celebrate its debut. The event is designed as a trade fair specialised in occupational safety & health, thereby expanding Messe Düsseldorf's international network for safety and security at work on one of the world's most dynamic markets.

OS+H Middle East will be held at the Dubai World Trade Centre (DWTC) providing a new, high-calibre platform for exchange between business, industry experts as well as government institutions.

It will focus on current topics such as smart PPE, digitalisation and AI-based OSH solutions, exoskeletons and ergonomics, sustainable working environments as well as human-centred technologies.

“With OS+H Middle East we are expanding our portfolio in a strategically important region with great growth potential. It is gaining increasing importance as a hub between Asia, Africa and Europe. For our customers this creates direct access to a market that heavily invests in occupational safety, occupational health and future technologies,” stresses Marius Berlemann, Chief Operating Officer at Messe Düsseldorf.

High-impact global networking

Safety at the workplace has long become an international topic – and A+A's global network provides companies with strong platforms to enter new markets. At the heart of this network is A+A in Düsseldorf as the world-leading event for safety and health at work. It is complemented by regional formats in relevant growth regions that bring together experts, enterprises as well as decision-makers locally in a targeted manner and open up access to new target groups.

“In the MENA region demand for safety and security solutions is growing rapidly – especially in such industries as construction, oil, gas, renewable energies, health care and transport. Our events foster international exchange, strengthen the confidence in innovative technologies and open up new market opportunities for companies in a dynamically growing environment,” says Daniel Feische, Director of A+A and the international portfolio.

The A+A portfolio includes the following events:

- **CIOSH (Shanghai)**
- **OS+H Asia (Singapore)**
- **CIOSH Thailand (Bangkok)**
- **TOS+H Istanbul (Turkey)**
- **JIOSH+W (Japan)**
- **New: OS+H Middle East (Dubai)**
